

Globadyme

The Future of Payments.

**What needs to be
developed?**

Website

- **The First Point of Contact.**
- **A Website for the World.**
- **It needs to have the WOW factor.**

Requirements

- Use the same Logo.
- Use the same colours
- You can pick a nice font (Think about out appearance)
- Responsive/optimised. (Web,Tablet, Phone)
- Website should be fast (Loading time)
- Make use of many visuals
- UX/UI is very important (How will people use the website - what do you want them to do.)
- Website in Dutch and English.
- It needs to work.
- Use our current website as inspiration.
- Use our competitor websites for inspiration.
- Create the WOW factor.
- Make the website appealing.
- A Website for the World.
- BE CREATIVE AND THINK OUTSIDE THE BOX

Pages that we need

Most Important Pages.

- Home Page
- Product Page
 - Payment methods/Pricing page
 - Subscriptions
 - Currencies
- Payment Methods Page
 - Detail page
- Pricing Page.
- Individual Payment Methods pages. (Same Layouts)
- About us
- Contact us including Contact form.
- Investor relations
- License Page
- Documentation Page
- Login/register button (redirect)
- Terms and conditions
- Privacy Policy
- Social Media buttons (redirect)

Secondary Pages.

- Product Page
 - Business Bank Accounts
 - Business Loans
 - Business Insurances
 - Point of Sale Terminals
- Blog/use case Page (Where you can Publish articles and Customer interviews.)

Appearance

● Trustworthiness

We are in the Financial Sector so, companies must trust us.

● Futuristic - Unique

Globadyme does something that has never been done before. It needs to have a Futuristic look. Make us unique (We are ahead of the competition).

● Secure

We are in Payments, companies must have the feeling that all their data and Payments will be securely handled.

● Informative

The website should be clear and easy to navigate and understand.

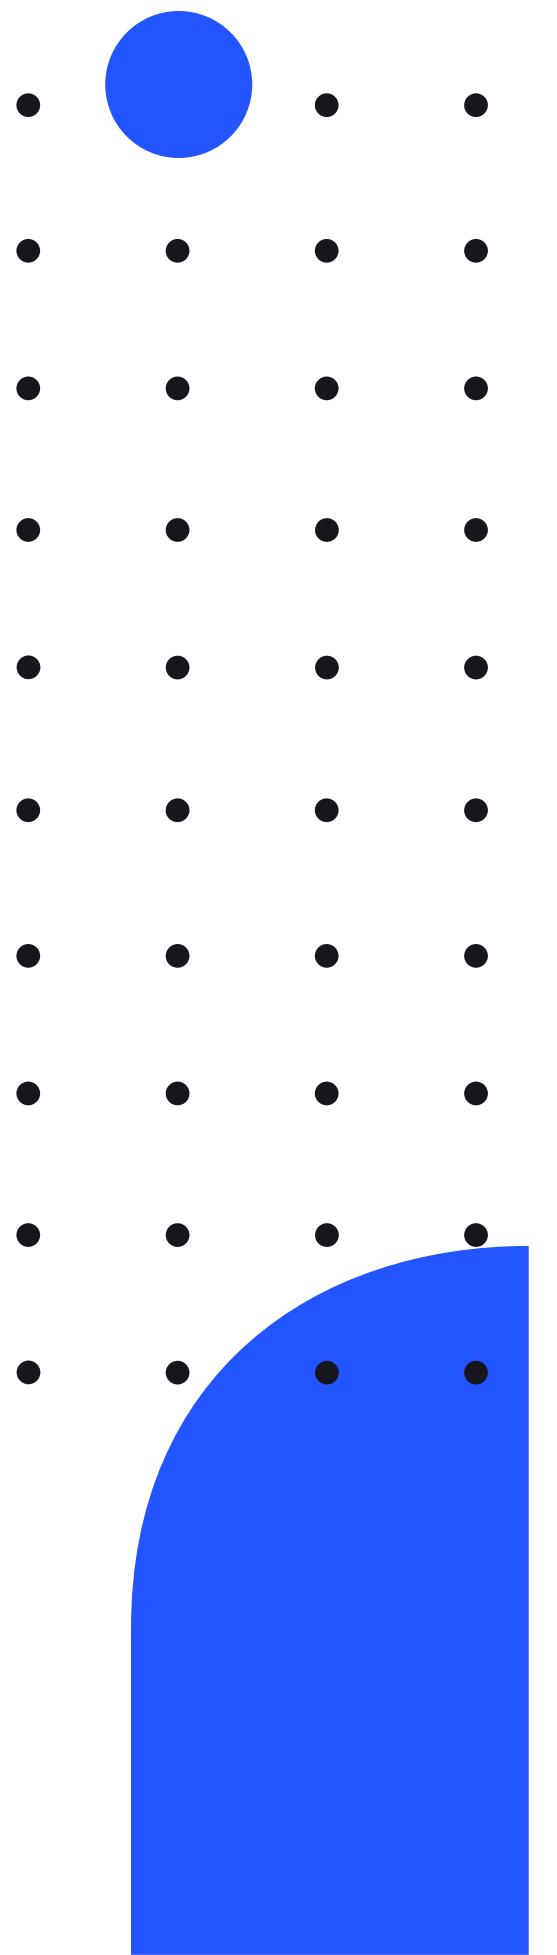

● Visual

Make the website visual. People like visuals and they often give more context. Visuals make it easy for people to understand.

● Professional, but not boring - WOW

A lot of websites look the same. Make us a unique website. Give us the WOW Factor. Make sure that we have a professional website, but we do not want to be boring.

iDEAL

iDEAL is veruit de populairste betaalmethode in Nederland. Je hebt geen chargebacks en snelle uitbetalingen, aangezien iDEAL een bank-to-bank overboeking is, waarop alle grote Nederlandse consumentenbanken zijn aangesloten.

Deze betaalmethode wordt als veilig, snel en gemakkelijk ervaren. Klanten kunnen een QR-code op hun desktop scannen en vervolgens mobiel betalen. Ze hoeven dan niet handmatig betaalgegevens in te voeren.

Kosten betaalmethode ▾

Nederland

€0.10 + € 0.20

iDEAL betalingen

Met Mollie kun je eenvoudig en snel iDEAL betalingen ontvangen in je webshop. Binnen 10 minuten kun je de iDEAL integratie regelen en betalingen accepteren. Wij rekenen geen verborgen kosten. Je betaalt alleen voor succesvolle transacties.

Tips

- **Make a plan of action (Who does what)**
- **Set objectives (When should something be done)**
- **Teamwork**
- **Links in Pictures**

- **If you don't know, just ask.**
- **Google is your friend.**
- **If Google does not know ChatGPT might know.**

Do you need even more inspiration?

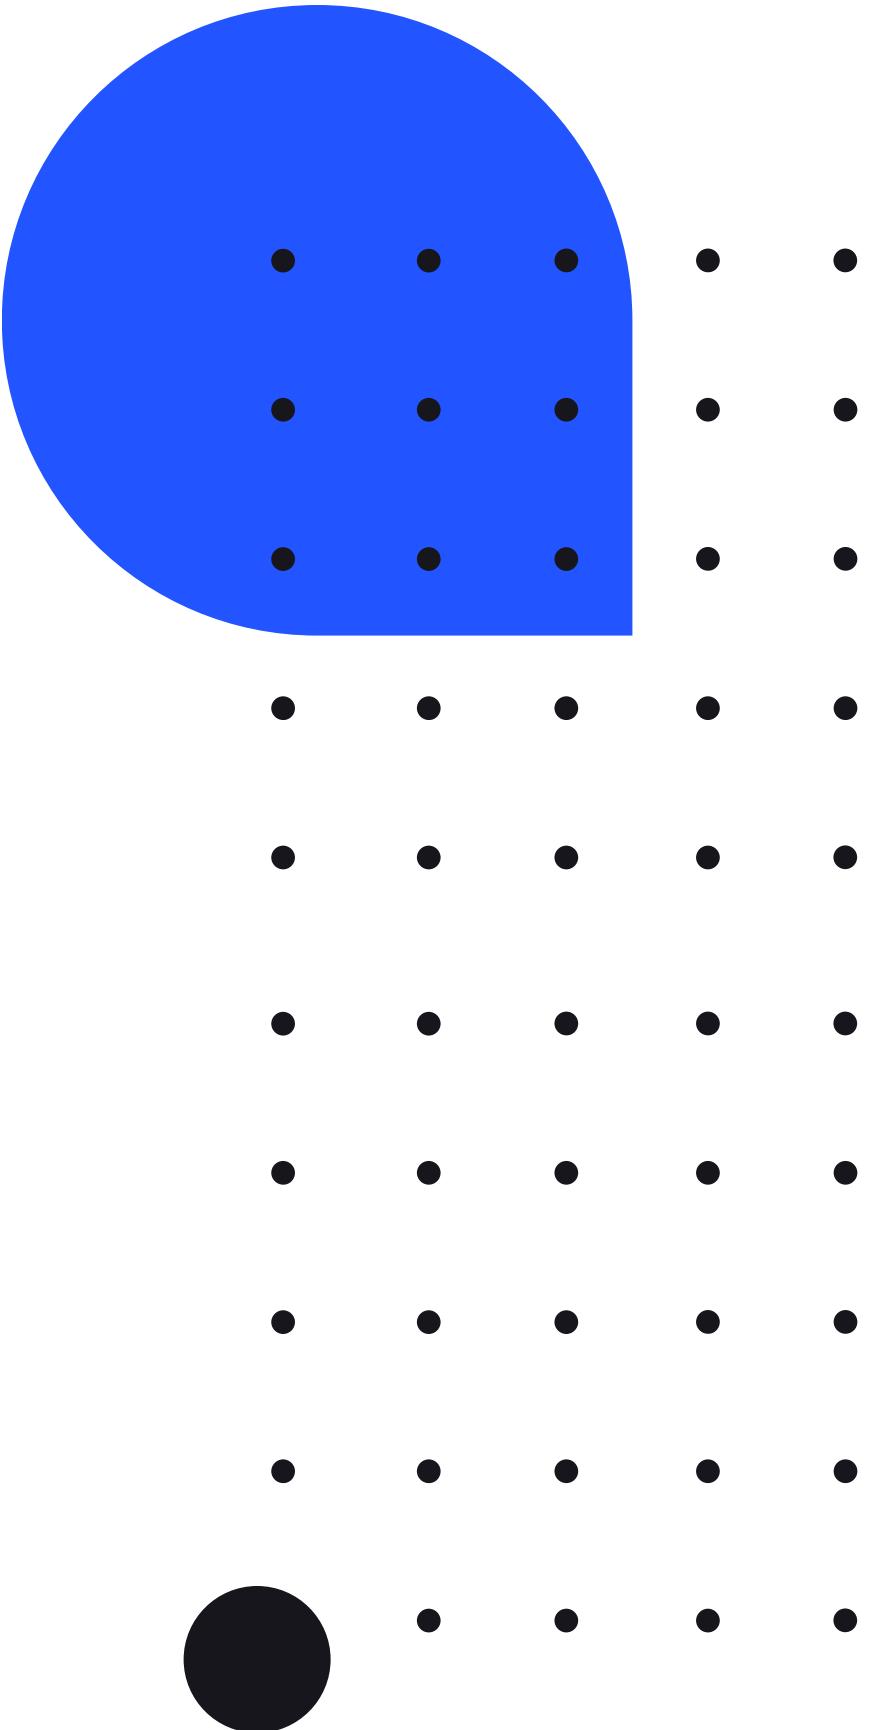

Go to TikTok and type:

- **Webdesign from the Future**
- **Future Webdesign**
